🇸🇦 Saudi

### 📄 SUMMARY

Information Technology graduate from King Abdulaziz University with First Class Honors. Passionate about Artificial Intelligence and Full-Stack Web Development, with experience in building AI-powered and practical systems. Skilled in teamwork, problem-solving, leadership, and continuous learning.

### 🎓 EDUCATION

**Bachelor of Information Technology** 2022 – 2026 | Jeddah  
King Abdulaziz University GPA: 4.84/5.0 | Expected Graduation: June 2026

### 🧰 WORK EXPERIENCE

**Full-Stack & AI Developer Intern | SallamTech** 05/2025 – 07/2025 | Jeddah

- Developed responsive full-stack web applications using **React**.
- Built AI chatbot solutions using **Botpress**.
- Managed cloud databases and backend services using **Supabase**.
- Integrated frontend interfaces with backend APIs and AI services.

### 📜 CERTIFICATES

JavaScript Essentials 1 -Cisco Networking Academy [↗](#)  
JavaScript Essentials 2 – Cisco Networking Academy [↗](#)  
Introduction to Large Language Models – IBM SkillsBuild [↗](#)  
Use Generative AI for Software Development – IBM SkillsBuild [↗](#)  
Build Your First Chatbot – IBM SkillsBuild [↗](#)

### 📁 PROJECTS

**Dentek – AI-Powered Dental X-Ray Analysis System** 09/2025 – 06/2026  
(Graduation Project)

- Developed an AI-powered dental X-ray analysis system using deep learning and computer vision techniques.
- Trained **YOLOv8OBB** and **ResNet18** models for dental image detection and classification tasks.
- Integrated **Groq AI** to generate automated recommendations based on AI analysis results.
- Built the full-stack web application using **Django** REST Framework and React.

**Detect Fake News using SHAP** 2024

- Built an explainable AI model using SHAP to analyze misinformation detection
- Improved model interpretability and transparency

### 🧠 SKILLS

- **AI & Computer Vision:** YOLOv8 OBB, ResNet18, Deep Learning, Image Processing
- **Full-Stack Development:** React, Django REST Framework, API Integration
- **Databases & Cloud:** Supabase, PostgreSQL
- **Programming:** Python, JavaScript, HTML, CSS
- **AI Tools:** Groq AI, Botpress
- **Professional Skills:** Problem Solving, Teamwork, Communication, Fast Learning, Leadership
